PURPOSE

The purpose of this policy is to assist Board of Governors (Board) in obtaining a level of computer literacy consistent with the requirements of fulfilling their duties as a Board member. This assistance covers three general areas:
 Cost of supplies;
 Cost of hardware/software/access; or
 Training and support.

PRINCIPLES

The College is committed to the use of computer technology to improve efficiency of operations, including Board operations. An example of this initiative is the provision of electronic Board information and meeting packages on the [Board portal](#).

POLICY

Board members shall be compensated at the rate of \$500.00 per College fiscal year to subsidize the capital cost of computer equipment and high-speed Internet access along with supplies used in printing of Board materials for meetings and general information.

Board members shall be responsible for maintenance of their personal technology equipment.

Training and Support

The College shall provide training in the use of the appropriate software to conduct the business of the Board. This may be in the form of regular in-service in conjunction with Board meetings, or by allowing Board members to enroll in relevant College computer courses at no charge.

Process

Upon availability of space in the class, the process at each College shall be followed.
