PROCEDURES

The participation of the College in international education and development projects is subject to the following requirements:

1. Programs and services of the College will first and foremost continue to meet the educational and training needs of the residents of Saskatchewan.
2. International projects undertaken will enhance the reputation of the College and the province.
3. The benefits to the College from participating in any given international project must be transparent and clearly identified in the proposal.
4. All direct and indirect costs associated with a project will be recovered to the allowable maximum.
5. Collaboration and partnership with another Canadian partner may be established through all phases of any given international project to ensure quality services, provision of necessary resources, and sustainability.
6. Appropriate funding and contractual arrangements are developed for each project.
7. Appropriate precautions will be taken to ensure the health and safety of College personnel on overseas assignments.
8. Adequate amount and type of insurance is procured and a risk management plan is in place and communicated to all concerned.
9. There will be no negative impact on the employment of existing College staff.
10. A post-project evaluation of each project is conducted and provided to the Board of Governors.
